

## COLLEGE SCHEME WILL BE BLOCKED

Segregation Ordinance Introduced in Ashland—Will Be Adopted To-Day.

[Special to The Times-Dispatch.] Ashland, Va., September 11.—At a meeting of the City Council of Ashland, held to-night, a segregation ordinance was introduced, and it is expected that it will be formally adopted at a special meeting to be held to-morrow afternoon.

The ordinance, with modifications to meet local conditions, is based on the Richmond ordinance, and in general terms it follows along the lines of that measure.

It is believed that the prime cause for the introduction of the ordinance at this time, is the report recently in circulation that the Laurens homestead, a desirable location in the center of the town, and near the campus of the Randolph-Macon College, was to be purchased and converted into a branch of the Tuskegee Institute for negroes. On the Laurens ground at the present time there is a small two-story frame building, and the entire property is valued at about \$1,000. It is not considered at all probable that any attempt is to be made to establish any such institution here, but the Council decided to take prompt action in case there was anything to the rumor, and the ordinance will successfully block such scheme.

## AMUSEMENTS

Hijou—"School Days."

Herman Timberg et al. With his rollicking boys and girls, Herman Timberg, that limber comedian, last night again presented the still-popular "School Days" at the Bijou Theatre. With Timberg as the star, there was little chance for the performance to fail to score a hit with a fun-loving audience that packed the house. Though his support was not so good as seen in Richmond last year, nevertheless there was a sufficient number of musical numbers to make up for any lack of talent in the portrayal of the minor parts. As Issy Levi, Timberg was his usual comical self, and his old friends who saw him had lost none of their enthusiasm and delight in his fantastic dancing. The manner in which he produced ragtime from the strings of his violin won its customary applause and brought him encore upon encore.

Maude Campbell again appeared as "Nannie," but the attraction was filled by new faces. The song hit of the show was "I Could Love a Little Girl Like You," by Billy Newton and Grace Childers, but not a sound stirred the house upon the failure of "I Want to Be a Cowboy When I Get to Be a Man," by Joe Smith and Jack Perlman and chorus.

"School Days" will be seen each night this week and at matinees this afternoon, Thursday and Saturday.

A. B. T.

"Polly of the Circus." Frederic Thompson's "Polly of the Circus" will be the attraction at the Academy to-morrow matinee and night. It will be presented here with Miss Ida St. Leon in the title role, supported by all the important members of the original "Polly of the Circus" company. The third act, reproduction of a big show performance, while it could hardly be made more realistic than it has always been, will have added features to lend to its attractiveness.

## ENGINEER IS FOUND UNCONSCIOUS AT THROTTLE

[Special to The Times-Dispatch.] Crewe, Va., September 11.—Engineer J. William Lester, aged forty-three, was found unconscious on his engine near Addison last night. He was taken to a Petersburg hospital, and died there this morning at 3 o'clock, without regaining consciousness. He had been sick at his home here for three weeks, and this was his first trip out. He leaves a wife and five children, one brother and two sisters. The body was brought here for interment in the Crewe Cemetery to-morrow. He was considered one of the best engineers on the Norfolk and Western road.

Official Visit to Petersburg. Judge L. L. Lewis, district attorney, and Colonel W. H. Chapman, revenue agent for this district, spent yesterday in Petersburg on official business. Disturbances in the vicinity of the Cockade City, which have been causing the department trouble, are supposed to be the cause of the visit.

Collector Arnold Away. Collector of Customs B. B. Arnold left yesterday for New York, where he will spend a brief vacation.

Files Expense Account. The campaign expense account of William A. Crenshaw, a candidate for the Legislature in the recent primary, was filed yesterday in the Hustings Court. It amounted to \$92. The expense account of Captain John A. Curtis amounted to \$125.

Purse Attacked Burglars. Bennington, Pa., September 11.—A heavily armed posse exchanged many shots with a band of burglars who tried to rob a clothing store here. One man who did not run, James Hogan, of Pittsburgh, was captured. The others escaped.

## COMMITTEE WILL HEAR ARGUMENT

Testimony in Investigation of Fraud and Fusion Charges Is Concluded.

[Special to The Times-Dispatch.] Norfolk, Va., September 11.—The testimony in the investigation of the charges of primary frauds and fusion in Norfolk county was concluded this afternoon, and to-morrow attorneys will argue the case, two hours being given to each side. The subcommittee will meet in Richmond the evening before the meeting of the State executive committee to formulate its report, which will be submitted the next day to the whole committee.

C. W. Coleman, Straightout candidate for clerk of the court, was the last witness. He was put on to rebut the testimony offered by the contestants. He got into the record a copy of a trust deed, issued by W. R. Dudley, to secure the Republican Treasurer, S. W. Lyon, for money due the office. Alvin H. Martin was named as trustee. Mr. Coleman testified that Dudley was recognized as a straw candidate for clerk of the court when he was nominated in 1905.

Some of those who have kept tabs on the proceedings say that enough honest votes have been shown to have been given in the primary of June 28, which, if it were true, would give the nomination for clerk of the court to C. W. Coleman, and the nomination for Commonwealth's Attorney to A. B. Carney, both Straightouts. The committee also made it clear that the subcommittee will recommend that such action on the part of the State Committee, if it should take action, would result in no changes in the personnel of the officeholders of Norfolk county after the general election in November.

No one doubts that the committee will report that it has been proven that fusion between Democrats and Republicans exists in Norfolk county.

## MEET TO-DAY AT LYNCHBURG.

Annual Session of Patriotic Order Sons of America.

[Special to The Times-Dispatch.] Lynchburg, Va., September 11.—The seventh annual meeting of the State Camp of the Patriotic Order Sons of America will be convened to-morrow morning at 9 o'clock at the Odd-Fellows Hall in Twelfth Street, and the body will be in session two days.

The beginning of the session will be with an open meeting, during which an address of welcome on behalf of the fraternal orders of the city will be delivered by A. E. Anderson. Immediately after this the camp will go into executive session.

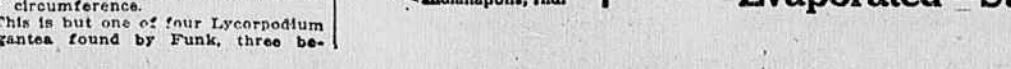

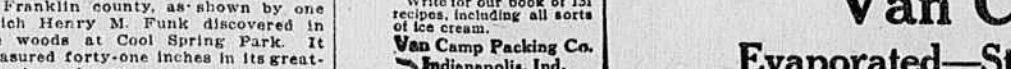

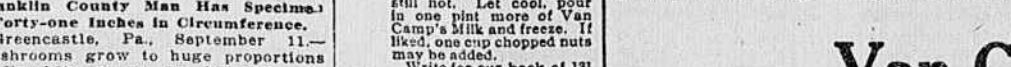

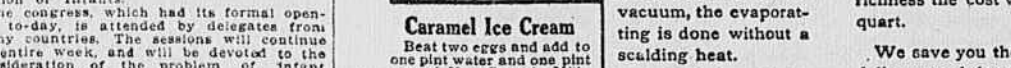

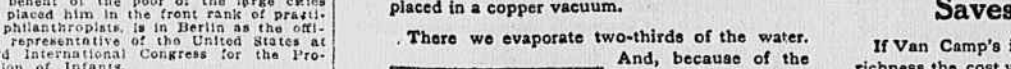

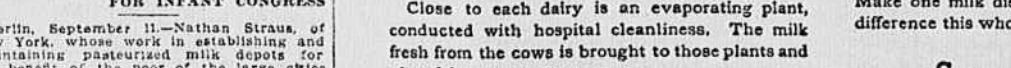

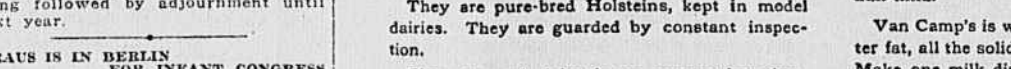

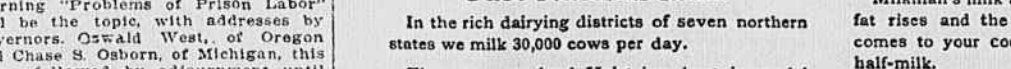

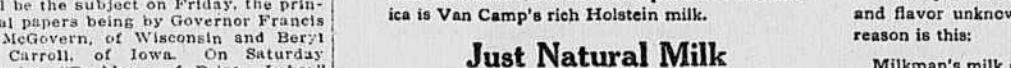

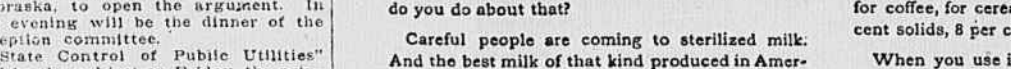

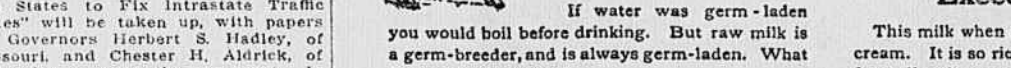

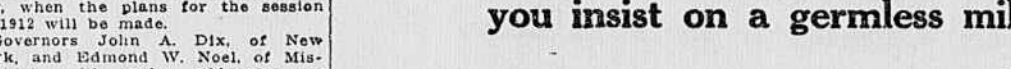

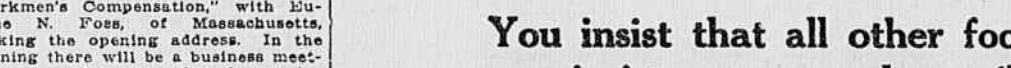

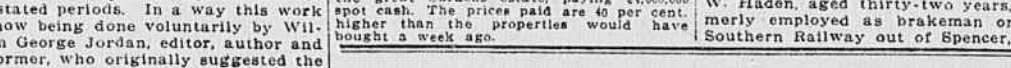

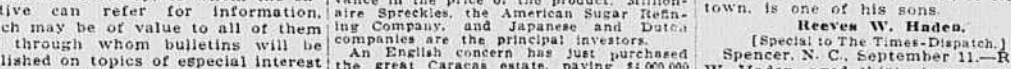

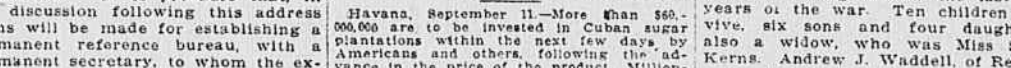

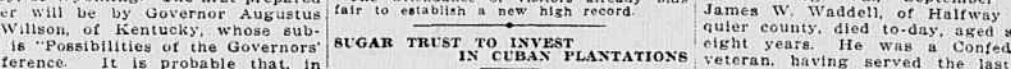

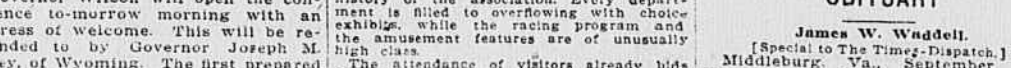

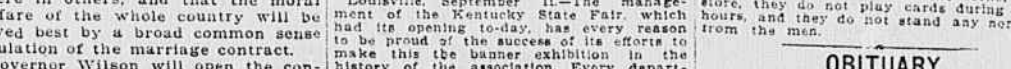

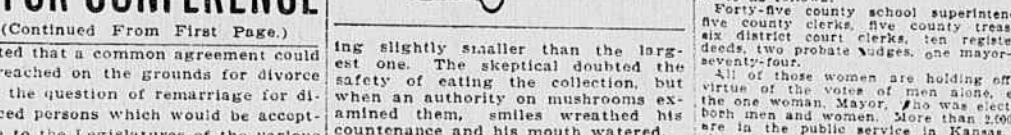

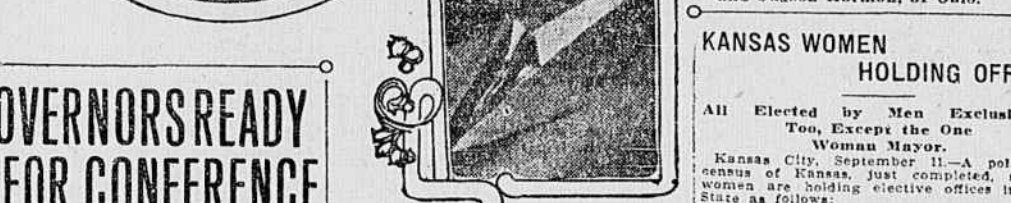

It is expected that about 125 delegates from the various camps throughout the State will attend the sessions. The principal officers of the State Camp are: President, Thomas B. Ivoy, of Petersburg; Vice-President, W. H. Bennett, of Portsmouth; Secretary, F. W. Alexander, of Oak Grove; Treasurer, J. H. Brunner, of Falls Church.

## WESTERN WOMAN CLAIMS ENTIRE TOWN IN OHIO

Spokane, Wash., September 11.—One thousand acres of land in Ohio, including the entire site of Washington, a town of 5,000 inhabitants, is claimed by Mrs. Margaret Ray, of Moscow, Idaho, as her property. Mrs. Ray has placed her claim in the hands of a Spokane attorney.

Mrs. Ray, who is seventy years old, says she is the granddaughter of Thomas Shaw, who served in the American Revolution, and took the Ohio land in part payment for his services in that war.

## SPEAKERS AT HOUSE OF GOVERNORS

## GOVERNORS READY FOR CONFERENCE

(Continued From First Page.)

mitted that a common agreement could be reached on the grounds for divorce and the question of remarriage for divorced persons which would be acceptable to the Legislatures of the various States. Many of the executives declared that, while the divorce laws in some States are too lax, they are too severe in others, and that the moral welfare of the whole country will be served best by a broad common sense regulation of the marriage contract.

Governor Wilson will open the conference to-morrow morning with an address of welcome. This will be responded to by Governor Joseph M. Carey, of Wyoming. The first prepared paper will be by Governor Augustus E. Wilson, of Kentucky, whose subject is "Possibilities of the Governors' Conference." It is probable that, in the discussion following this address plans will be made for establishing a permanent reference bureau, with a permanent secretary, to whom the executive can refer for information, which may be of value to all of them and through whom bulletins will be published on topics of especial interest at stated periods. In a way this work is now being done voluntarily by William George Jordan, editor, author and former, who originally suggested the House of Governors, and who has given much time to the work because of his intense interest in the subject.

Reception at Sea. Another paper on the first day will be that of Governor Edwin L. Norris, of Montana, on "Strengthening the Power of the Executive." This subject will also be treated by Governor Emmet O'Neal, of Alabama. Temporary organization will be effected during the day. In the evening will be given the reception by Governor and Mrs. Wilson at Sea.

Wednesday will be devoted to the discussion of "Employers' Liability and Workmen's Compensation," with Eugene N. Posa, of Massachusetts, making the opening address. In the evening there will be a business meeting, when the plans for the session of 1912 will be made.

Governors John A. Dix, of New York, and Edmund W. Noel, of Mississippi, will make addresses on Thursday, with "The Inheritance Tax and State Comity" as their subject. The law of New York State on this subject is said to be a model, and there have been many requests for Governor Dix's paper. When the discussion is completed, "The Right of the States to Fix Intrastate Traffic Rates" will be taken up, with papers by Governors Herbert S. Hadley, of Missouri, and Chester H. Adick, of Nebraska, to open the argument. In the evening will be the dinner of the reception committee.

"State Control of Public Utilities" will be the subject on Friday, the principal papers being by Governor Francis E. McGovern, of Wisconsin, and Bert F. Carroll, of Iowa. On Saturday morning "Problems of Prison Labor" will be the topic, with addresses by Governors Oswald West, of Oregon, and Chase S. Osborn, of Michigan, this being followed by adjournment until next year.

STRAUS IS IN BERLIN FOR INFANT CONGRESS

Berlin, September 11.—Nathan Straus, of New York, whose work in establishing and maintaining pasteurized milk depots for the benefit of the poor of the large cities has placed him in the front rank of practical philanthropists, is in Berlin as the official representative of the United States at the third international Congress for the Protection of Infants.

The congress, which had its formal opening to-day, is attended by delegates from many countries. The sessions will continue an entire week, and will be devoted to the consideration of the problem of infant feeding in all its phases.

FINDS GIANT MUSHROOMS.

Franklin County Man Has Specimens. Forty-one inches in circumference, Greencastle, Pa., September 11.—Mushrooms grow to huge proportions in Franklin county, as shown by one which Henry M. Funk discovered in the woods at Cool Spring Park. It measured forty-one inches in its greatest circumference.

This is but one of four Lycoperdon Gigantea found by Funk, three be-

ing slightly smaller than the largest one. The skeptical doubted the safety of eating the collection, but when an authority on mushrooms examined them, smiles wreathed his countenance and his mouth watered.

BANNER STATE FAIR OF KENTUCKY IS ON

Louisville, September 11.—The management of the Kentucky State Fair, which had its opening to-day, has every reason to be proud of the success of its efforts to make this the banner exhibition in the history of the association. Every department is filled to overflowing with choice exhibits, while the racing program and the amusement features are of unusually high class.

The attendance of visitors already bids fair to establish a new high record.

SUGAR TRUST TO INVEST IN CUBAN PLANTATIONS

Havana, September 11.—More than \$50,000,000 are to be invested in Cuban sugar plantations within the next few days, by Americans and others, following the advance in the price of the product. Millionaire Spreckles, the American Sugar Refining Company, and Japanese and Dutch companies are the principal investors.

An English concern has just purchased the great Caracas estate, paying \$1,000,000 spot cash. The prices paid are 40 per cent higher than the properties would have brought a week ago.

## KANSAS WOMEN HOLDING OFFICE

All Elected by Men Exclusively. Too, Except the One Woman Mayor.

Kansas City, September 11.—A political census of Kansas, just completed, shows women are holding elective offices in the State as follows: Forty-five county school superintendents, five county clerks, five county treasurers, six district court clerks, ten registers of deeds, two probate judges, one mayor—total seventy-four.

All of those women are holding office by virtue of the vote of men alone, except the one woman mayor. Who was elected by both men and women. More than 1,000 men are in the public service in Kansas, elective and otherwise. Women somewhere now hold every county office in Kansas except sheriff, coroner, county attorney and county commissioner.

They do not wait around the corner drug store, they do not play cards during office hours, and they do not stand any nonsense from the men.

## OBITUARY

James W. Waddell.

[Special to The Times-Dispatch.] Middleburg, Va., September 11.—James W. Waddell, of Halfway Fauquier county, died to-day, aged fifty-eight years. He was a Confederate veteran, having served the last two years of the war. Ten children survive, six sons and four daughters; also a widow, who was Miss Sallie Kerns. Andrew J. Waddell, of Reston town, is one of his sons.

Reeves W. Haden.

[Special to The Times-Dispatch.] Spencer, N. C., September 11.—Reeves W. Haden, aged thirty-two years, formerly employed as brakeman on the Southern Railway out of Spencer, died

## Children Cry for Fletcher's

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

## What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

## GENUINE CASTORIA ALWAYS

Bears the Signature of

*Charles H. Fletcher*

## The Kind You Have Always Bought

In Use For Over 30 Years

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

In Savannah, Ga., late last night. He recently left Spencer and had been employed as brakeman with a run out of Savannah. His remains will be brought to Spencer. He is survived by three brothers—J. D. and J. N. Haden, both railroad men of Spencer—and S. S. Haden, of Coffeyville, Kan.; also one sister, Miss Mattie Haden, of Charlotte.

Mrs. Nannie M. Wright.

[Special to The Times-Dispatch.] Lynchburg, Va., September 11.—Mrs. Nannie M. Wright, widow of Samuel Wright, died this morning at 4 o'clock at the City Hospital. Mrs. Wright was eighty years old.

Mrs. Mary B. Gooch.

[Special to The Times-Dispatch.] Lynchburg, Va., September 11.—Mrs. Mary Bowler Gooch, wife of F. Gooch, near Radiant, was buried at Mt. Zion M. E. Church, Oak Park, to-day. She was seventy years old, and leaves seven children—four sons and three daughters. She was born near Criglersville, and resided there until her marriage to Mr. Gooch. Rev. J. E. Dehazog, her pastor, conducted the services.

Major Jefferson D. Polndexter.

[Special to The Times-Dispatch.] Danville, Va., September 11.—The funeral of Major Jefferson D. Polndexter was held this afternoon from the Church of the Epiphany, Rev. J. Cleveland Hall officiating. After the service at the church, the remains were taken to his boyhood home in the county, where a short service was held, conducted by Mr. Hall.

Dr. Polndexter was a surgeon in the army, and was retired in 1901 with the rank of major. He was born near Danville, November 28, 1855, and was graduated from the College of Physicians and Surgeons, in Baltimore, in 1886. He was married to Miss Emmi

Simons, of New York State, and besides his wife he leaves two daughters, Misses Beatrice and Emily Polndexter, his aged mother, Mrs. Emily J. Polndexter; a sister, Miss Mattie Polndexter, of Danville, and Mrs. T. J. Woods, of near Design; also the following brothers: G. K. Polndexter, of British Columbia; C. C. Polndexter, of Beebe, Ark.; C. H. Polndexter, of Little Rock, Ark.; and W. B. Polndexter, of Chicago, Ill.

## DEATHS

LEVY.—Died, Monday, September 11, 1911, at 2:30 P. M. MISS RACHEL LEVY, daughter of the late Jacob A. and Martha Levy.

BONINI.—Died, on August 30th, at 3:11 A. M., in Castelnovo Garfagnana, Italy, BERNARD O. G. BONINI, infant son of Peter B. and Frances Peyronnet Bonini, age 14 months and 21 days.

Another one from us has gone. A voice we loved is stilled. A place is vacant in our home. Which never can be filled. MOTHER AND FATHER.

BLANKENSHIP.—Entered into life eternal at Monterey, Pa., Sunday morning, the 10th of September. ANNE, BLANKENSHIP, beloved daughter of Kate M. and the late Robert E. Blankenship.

Funeral from St. James Episcopal Church TUESDAY, the 12th, at 4:30 P. M.

BLANKENSHIP.—Died, at Charlestown, Pa., September 10th, 1911, at 10:00 A. M., MISS ANNE BLANKENSHIP, daughter of the late R. E. Blankenship, of 117 South Third Street.

Funeral from St. James Episcopal Church TUESDAY, 4:30 P. M.

## What Else is There, Madam, So Vital as Milk?

You insist that all other foods be utterly sterile. Why don't you insist on a germless milk? Why not a whole, rich milk?

If a child wanted raw meat you would quickly forbid it. But isn't the danger of germ infection many times as great in raw milk?

If water was germ-laden you would boil before drinking. But raw milk is a germ-breeder, and is always germ-laden. What do you do about that?

Careful people are coming to sterilized milk. And the best milk of that kind produced in America is Van Camp's rich Holstein milk.

## Just Natural Milk

In the rich dairying districts of seven northern states we milk 30,000 cows per day.

They are pure-bred Holsteins, kept in model dairies. They are guarded by constant inspection.

Close to each dairy is an evaporating plant, conducted with hospital cleanliness. The milk fresh from the cows is brought to those plants and placed in a copper vacuum.

There we evaporate two-thirds of the water. And, because of the vacuum, the evaporating is done without a scalding heat.

Nothing is added—no sugar, no starch, no preservative. Nothing

Caramel Ice Cream Beat two eggs and add to one pint water and one pint can of Van Camp's Milk. Put one pound dark brown sugar in a skillet, let it become a reddish brown, and put it in the custard while still hot. Let cool, pour in one pint more of Van Camp's Milk and freeze. If liked, one cup chopped nuts may be added.

For our book of 131 recipes, including all sorts of ice cream, Van Camp Packing Co., Indianapolis, Ind.

but water is taken out. When you replace the water you have a milk exactly the same as it came from the cow, save for sterilization.

## Exceedingly Rich

This milk when evaporated is as thick as thick cream. It is so rich that you add one part water for coffee, for cereals or ice cream. It is 28 per cent solids, 8 per cent butter fat.

When you use it in cooking it gives a richness and flavor unknown from milkman's milk. The reason is this:

Milkman's milk always separates. The butter fat rises and the solids fall. The milk which comes to your cooking is rarely more than a half-milk.

Van Camp's is whole milk. It has all the butter fat, all the solids belonging to the richest milk. Make one milk dish with it and find out what a difference this whole milk makes.

## Saves About Half

If Van Camp's is reduced to the usual milk's richness the cost will figure about six cents per quart.

We save you the cost of the milkman's daily delivery, and that is more than the milk cost.

And we save you the waste. Van Camp's means a cow in the pantry. Rich milk or cream

whenever you want it. All that you want, and no more. An opened can keeps until you use it up.

This saving in cost, plus the saving of waste, in the average home will cut milk bills in two. You can get the utmost in milk—pure, sterile, whole, rich milk—for less than you pay the milkman.

## A \$100,000 Milk

We have spent in seven years over \$100,000 to bring Van Camp's Milk to its present matchless standard. We have employed for the purpose the ablest Swiss and Dutch experts.

The result is the finest milk produced in America—unexcelled by any milk in Switzerland or Holland. Yet it costs no more than common evaporated milks. It costs far less than milkmen charge for germ-laden milk from mongrel cows. A single day's use will make you forever a convert. You will always insist on Van Camp's.

The 16-oz. can—a full pint of Van Camp's—costs 10 cents. The 6-oz. can costs 5 cents. Your grocer has it, shipped from our nearest dairy. Ask him now to send you some. Know what pure milk means.
